

PAPR

Powered Air Purifying Respirator

Issued March 2012 • Index No. AY/4.0

Welding Protection

Quick Specs

Industrial/Light Industrial Applications

Manufacturing
Fabrication
Stainless Steel
Flux-Cored

Battery Life 8 hours

Charging Time 3 hours

Charges 500+

Weight Blower: 3.25 lb. (1.47 kg)

Total: 5.74 lb. (2.6 kg)

The Power of Blue.®

New!

Comes Complete With:

- Compact blower unit
- Titanium 9400™ or Titanium 9400i™ helmet with head-seal
- HEPA filters (2)
- Pre-filter
- Spark guard
- Padded belt
- Comfortable shoulder straps
- Lightweight, long-life battery
- Battery charger
- Air flow indicator
- Tool bag (not shown)

ARC ARMOR
WELDING PROTECTION

Two helmet options for maximum versatility:

- **NEW!** Titanium 9400 helmet option
- Titanium 9400i with integrated grinding shield option

Lightweight blower design (3.25 pounds) provides all day comfort and reduces fatigue. Over one pound lighter than the leading brand!

Comfortable shoulder straps reduce fatigue over long shifts and distribute weight to provide a comfortable and secure fit for a wide variety of users.

Dual air speeds allow users to adjust the volume of air to maximize comfort in varied work conditions.

Audible and vibrating alarms notify users in noisy environments.

Low-profile design reduces interference and allows for unrestricted movement.

Pre-filter extends the life of the main HEPA filter.

Lightweight lithium ion battery provides long battery life (eight hours) with no memory retention from frequent charging (three-hour charge cycle). Rated for 500+ charges.

Tool bag securely holds PAPR and other welding accessories.

Electronic control automatically adjusts fan speed to keep air flow constant.

Hose cover protects hose from sparks and abrasion for extended life.

Helmet features our popular Titanium 9400 Series auto-darkening cartridges.

NIOSH Certified NIOSH 42 CFR Part 84

TRUE BLUE
WARRANTY

Blower unit is warranted for 1 year, parts and labor.
Auto-darkening lens is warranted for 2 years, parts and labor.
