

TOUGHEST WELDERS

Most Reliable!

Optional
Electronic Fuel Injection

The best just got better...

Bobcat® 250 and Trailblazer® now feature breakthrough EFI technology!

- 12 to 27% better fuel economy for less refueling on the job, and increased runtimes
- Reduced operating costs — save up to \$1,000 per year in fuel
- Reduced emissions to satisfy your "green" initiatives and equipment needs
- Easier starting in all climates, with no choke required
- 12,000 watts of generator power

Choose the Right Gas Engine Drive

Product Description	Wildcat® 200	Bobcat™ 225	Bobcat™ 250	Trailblazer® 275 DC	Trailblazer® 302
Product Description	Compact, lightweight, durable, and cost-effective machine is designed for contractors, maintenance/repair, and farm and ranch applications.	Cost-effective, multiprocess machine primarily used for Stick is great for farm, ranch, stand-alone generator, and maintenance/repair operations.	Rugged engine drive is great for Stick and Flux Cored welding and is designed for maintenance/repair operations, construction, farm, ranch and generator use.	Unbeatable Stick, wire, and DC TIG arc performance and the two generator system is ideal for construction, fabrication, and maintenance/repair operations.	High output, unbeatable arc performance, and the two generator system make this perfect for construction, fabrication, and maintenance/repair operations.
Weld Performance					
Stick – DC	Very Good	Very Good	Very Good/Excellent	Excellent	Excellent
Stick – AC (AC electrode)	—	Very Good/Excellent	Very Good/Excellent	—	Very Good/Excellent
MIG – Wire (Solid/FCAW), Steel	See Accessories below	Fair	Good	Excellent	Excellent (325 Amps)
MIG – Wire, Aluminum w/Spool Gun	—	Fair	Good	Excellent	Excellent (325 Amps)

Engine Drive Accessories

Tune Up Kit

Includes oil, air and fuel filter and spark plugs.

For Wildcat

#240 585 Subaru EX-40

For Bobcat/Traillblazer

#230 015 Kohler CH23

#246 115 Kohler ECH730 (EFI)

#199 062 Subaru EH65

Remote Oil Drain/Filter Kit

Eases changing oil by relocating the oil filter and drain, eliminating the need to access through the side doors of your machine.

For Bobcat/Traillblazer

Front mount or truck chassis

#300 236 Kohler

#300 418 Subaru

Rear mount

#300 106 Kohler

#300 417 Subaru

For more information on truck installation, visit MillerWelds.com/truck

Full KVA Adapter Cord

Adapts engine drive 120/240 V plug to Millermatic® and Spectrum® 240 V plug

For Wildcat/Bobcat/Traillblazer

#300 517

Protective Covers

Heavy-duty, water, and mildew resistant covers protect the finish of the welder.

For Wildcat

#300 496 For models *without* running gear.

For Bobcat/Traillblazer

#195 333 For gas models *without* protective cage or running gear.

#195 529 For gas models *with* protective cage or running gear.

Protective Cage with Cable Holders

Rugged cage with cable holders protects your investment. Can be used with running gear, gas cylinder mounting assembly, LP tank mounting assembly, or with trailer.

For Bobcat/Traillblazer

#195 331

All-Purpose Running Gear

For Wildcat

#300 532

For Bobcat/Traillblazer

#300 477 For gas/LP models, with Never Flat Tires

#300 396 For gas/LP models, with inner tube tires

All-Terrain Running Gear EZ

For Bobcat/Traillblazer

#300 574 For gas models, with Never Flat Tires

#300 572 For gas models, with inner tube tires
