

# DONT WALK WELD™

## ArcReach® Product Selector Guide

The full range of ArcReach® benefits (including CLC™ and AWW™) are only available when ArcReach accessories are paired with **XMT 350 FieldPro welders**. ArcReach remote control functionality is available when paired with **previous-generation ArcReach machines or ArcReach-capable engine-driven welders**.

<b>Stick/TIG</b>	ArcReach Stick/TIG Remote <b>301325</b> (For general all-purpose arc)	ArcReach Stick/TIG Remote with Polarity Reversing <b>300934</b> (Tailored arc designed for bevel welding with XX10 and XX18 electrodes)	ArcReach Stick/TIG Remote <b>301325</b> <b>Additional Benefits</b> Auto-Process Select™ Front Panel Lock Out	ArcReach Stick/TIG Remote <b>301325</b> <b>Additional Benefits</b> Auto-Process Select™ Front Panel Lock Out
<b>Flux-cored (Self-Shielded)</b>	ArcReach SuitCase® 12 with Dura-Flux™ Gun <b>951731</b> ArcReach SuitCase® 8 with Dura-Flux™ Gun <b>951728</b> <b>Additional Benefits</b> Adjust While Welding (AWW) Cable Length Compensation (CLC) Auto-Process Select™ Front Panel Lock Out	ArcReach SuitCase® 12 with Dura-Flux™ Gun <b>951731</b> ArcReach SuitCase® 8 with Dura-Flux™ Gun <b>951728</b> <b>Additional Benefits</b> Auto-Process Select™ Front Panel Lock Out	ArcReach SuitCase® 12 with Dura-Flux™ Gun <b>951731</b> ArcReach SuitCase® 8 with Dura-Flux™ Gun <b>951728</b> <b>Additional Benefits</b> Auto-Process Select™ Front Panel Lock Out	ArcReach SuitCase® 12 with Dura-Flux™ Gun <b>951731</b> ArcReach SuitCase® 8 with Dura-Flux™ Gun <b>951728</b> <b>Additional Benefits</b> Auto-Process Select™ Front Panel Lock Out
<b>MIG (GMAW) and Advanced Processes</b>	ArcReach Smart Feeder with PipeWorx 300-15 Gun <b>951733</b> <b>Additional Benefits</b> Adjust While Welding (AWW) Cable Length Compensation (CLC) Auto-Process Select™ Front Panel Lock Out RMD® (Regulated Metal Deposition) Pulsed MIG	ArcReach Smart Feeder with PipeWorx 300-15 Gun <b>951733</b> <b>Additional Benefits</b> Auto-Process Select™ Front Panel Lock Out RMD® Pulsed MIG	ArcReach Smart Feeder with PipeWorx 300-15 Gun <b>951733</b> <b>Additional Benefits</b> Auto-Process Select™ Front Panel Lock Out	ArcReach Smart Feeder with PipeWorx 300-15 Gun <b>951733</b> <b>Additional Benefits</b> Auto-Process Select™ Front Panel Lock Out RMD® Pulsed MIG
<b>MIG (GMAW) or Flux-Cored (Gas-Shielded)</b>	ArcReach SuitCase® 12 with BTB Gun 300 A <b>951729</b> ArcReach SuitCase® 8 with BTB Gun 300 A <b>951726</b> <b>Additional Benefits</b> Adjust While Welding (AWW) Cable Length Compensation (CLC) Auto-Process Select™ Front Panel Lock Out	ArcReach SuitCase® 12 with BTB Gun 300 A <b>951729</b> ArcReach SuitCase® 8 with BTB Gun 300 A <b>951726</b> <b>Additional Benefits</b> Auto-Process Select™ Front Panel Lock Out	ArcReach SuitCase® 12 with BTB Gun 300 A <b>951729</b> ArcReach SuitCase® 8 with BTB Gun 300 A <b>951726</b> <b>Additional Benefits</b> Auto-Process Select™ Front Panel Lock Out	ArcReach SuitCase® 12 with BTB Gun 300 A <b>951729</b> ArcReach SuitCase® 8 with BTB Gun 300 A <b>951726</b> <b>Additional Benefits</b> Auto-Process Select™ Front Panel Lock Out
<b>Carbon Arc Gouging</b>	ArcReach Stick/TIG Remote <b>301325</b> <b>Additional Benefits</b> Adjust While Welding (AWW) Auto-Process Select™ Front Panel Lock Out	ArcReach Stick/TIG Remote with Polarity Reversing <b>300934</b> <b>Additional Benefits</b> Auto-Process Select™ Front Panel Lock Out	ArcReach Stick/TIG Remote <b>301325</b> <b>Additional Benefits</b> Auto-Process Select™ Front Panel Lock Out	ArcReach Stick/TIG Remote <b>301325</b> <b>Additional Benefits</b> Auto-Process Select™ Front Panel Lock Out

**Cable Length Compensation (CLC™):** Makes proper setup of weld parameters faster by automatically adjusting voltage based on weld lead length. This ensures that the voltage a welder sets is the voltage they get – even hundreds of feet away from the power source.

**Adjust While Welding (AWW™):** ArcReach® technology increases arc-on time and Adjust While Welding technology allows more work to get done because welders can make adjustments at the wire feeder or at the remote – they don't have to walk to the power source to make parameter changes.

### Process

Stick  
TIG  
Flux-cored (Self- or Gas-Shielded)  
MIG/Pulsed MIG/RMD  
Carbon Arc Gouging

### Common Polarity

Electrode +  
Electrode –  
Electrode + or –  
Electrode +  
Electrode +  
*NOTE: ArcReach Smart Feeder works for electrode + processes only.*
